The monthly catch balance graph and report is now available to all registered and nominated Fish Eye users (including Receivers).

Fish Eye users now have a new report in Fish Eye online services, showing the monthly catch for the last 5 seasons. The report is currently set to run on the 14th and the 28th day of each month and is shown on the reports TAB within Fish Eye online services as indicated below:

Home > Reports Fishery West Coast Rock Lobster

Reports

- MFL Entitlement**
An overview of entitlement transactions for the selected MFL, Season and Zone including a detailed summary of each consignment recorded in Fish Eye.
- MFL Monthly Summary**
A summed total of entitlement taken by the MFL each month.
- Fishery Monthly Summary**
A summed total of entitlement taken from the fishery for the selected Season and Zone by Month compared with the capacity of the zone.
- Monthly Catch Balance by Zone Report**

The report will continue to be emailed directly to the Western Rock Lobster Council. If Members who do not have access to Fisheye would like a copy of the report, the WRLC would be happy to send by email on request.

If you have queries pertaining to the report, you may contact DoF directly at QMSAdmin@fish.wa.gov.au or contact the Rock Lobster Help Line on 1300 574 071.
